

A CAMPAIGN TO BUILD A PLACE OF PERMANENCE FOR THE
SAKE FOR FORGING MEN AT THE ANVIL ACADEMY.

BARN RAISING

THE ANVIL ACADEMY

BARN RAISING

For generations, communities have come together to “raise barns” in order to corporately provide for evident needs in their midst. With nearly 9 acres of land secured, and a permitting pathway paved, it is now time to *Raise A Barn* at The Anvil Academy.

A PLACE OF PERMANENCE

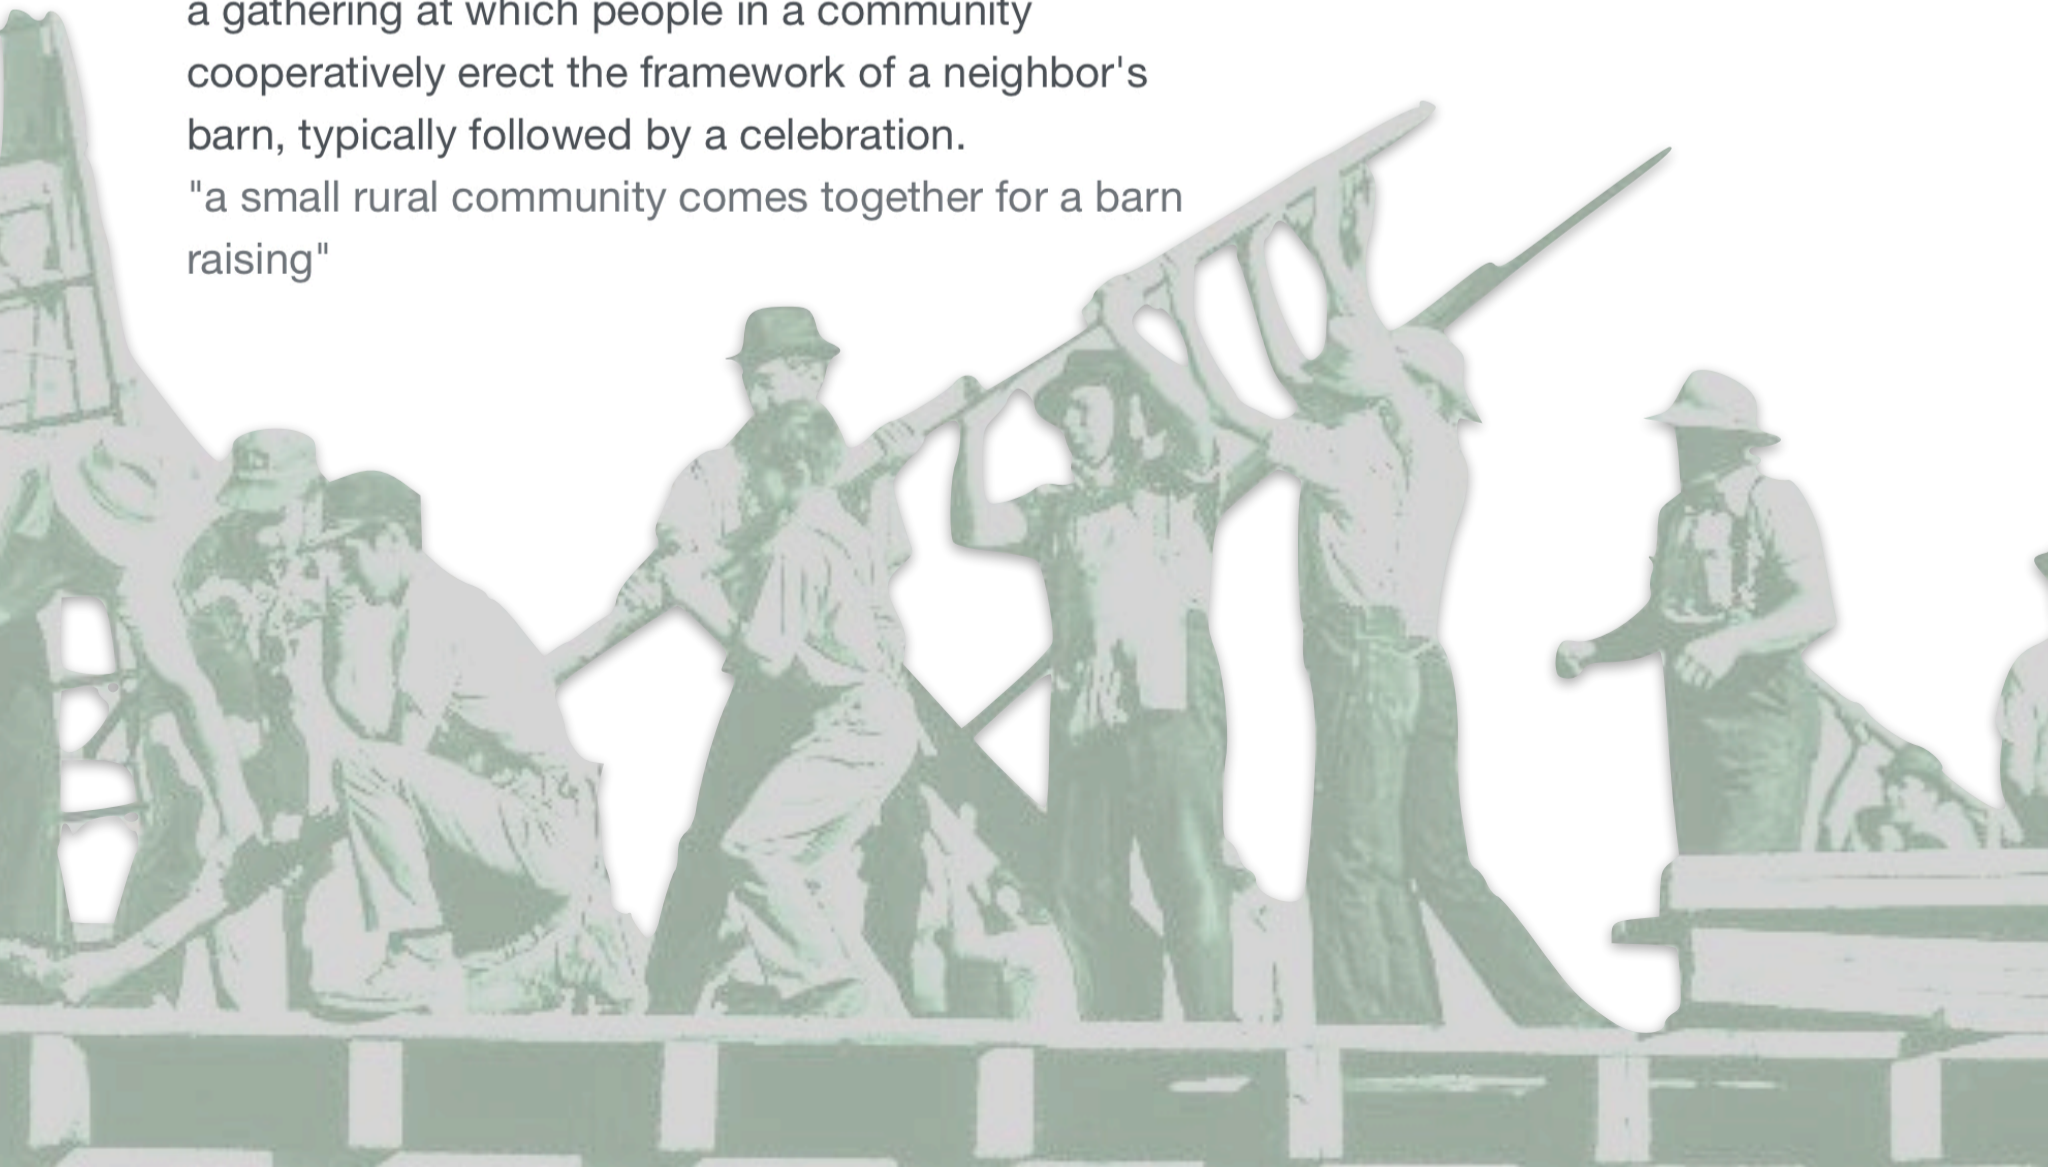

After 7 years of operating on borrowed land, in a rented space, The Anvil Academy is ready to set down deep roots. Through the provision of this land that strategically straddles Forsyth and Cherokee counties, Anvil is ready to invest in a permanent home for the sake of *Forging Men!*

barn rais·ing

noun

a gathering at which people in a community cooperatively erect the framework of a neighbor's barn, typically followed by a celebration.

"a small rural community comes together for a barn raising"

FORGING MEN

*Challenging, equipping and disciplining
middle school boys into strong young men*

The Anvil Academy exists to journey with boys and families through the wilderness of the middle-school years into the beginning of healthy manhood.

A place of permanence is critical and this **BARN RAISING** will be transformational, but ultimately it's just a place in which we can live out our unique mission of **FORGING MEN**.

GROWTH OVER TIME

At The Anvil Academy we repeatedly challenge boys to pursue *growth over time*. Small commitments invested over long periods facilitate transformational growth. We believe the same about our **BARN RAISING** campaign. Would you join us over the next 2 years in transforming our campus?

GOAL: \$2,500,000

RECEIVED: \$452,250

THE ANVIL BARN RAISING WILL FACILITATE:

- A place of permanence for The Anvil Academy to do the work of *Forging Men*
- Ability to expand Anvil offerings to a greater number of families in our community.
- A home for 120 middle school boys to experience *Mind On, Heart Engaged, Hands Dirty* discipleship
- An incarnational presence in Forsyth and Cherokee counties from which to launch graduate leaders
- A scalable model that creates a pathways for replication and multiplication of The Anvil Academy
