STRIPER FISHING TOURNAMENT
NAMING SPONSOR

The Anvil Academy is an adventure learning hybrid school that exists to challenge, equip and disciple middle school boys into strong young men, seeking to do the Work of Jesus in the Way of Jesus.

So why host a fishing tournament? The purpose of this event is to extend the incredible work Anvil has accomplished these past seven years and aims to raise funds for the school's new barn. Phase 2 of the barn's construction will require an ambitious goal **\$850,000**.

Would you or your business consider joining as a sponsor & help us raise the barn?

*** In order for your logo to be included on the tournament shirt, all sponsorships must be secured by February 15, 2024. Reach out to Beth White for sponsor level benefits.*

Thank you for considering partnering with The Anvil Academy in this endeavor. We hope to see you out on the lake with us in March!
